Illness policy: Control of infectious diseases is an important concern in a group center. In our effort to minimize the spread of illness to other children, staff and their families, the Center adheres to the Department of Public Health guidelines for exclusion of ill children. A one hour pick up time is given from the time called for parents to pick up their child if considered ill by staff. This is determined by the guidelines set: If a child has diarrhea, a fever of (101) or higher, severe coughing, difficult or rapid breathing, yellowish skin or eyes, vomiting, pinkeye, or changes in the color of urine or stools, undiagnosed rashes or cold sores the child will be isolated you will need to get a Doctor's note of release to come back. A parent will be contacted to arrange for immediate pick up of the child. Children are required to remain home for 24 hours after their last vomiting or diarrhea incident. Prescription medication/ antibiotics must be administered a full 24 hours before the child can return to the center that is 24 hours after the first dose. This includes ear infections. The sick child will be isolated in the office until picked up. If a child has unusual spots, rashes, frequent itching, sore throat or painful swallowing, a parent will be contacted. If information obtained (i.e. Dr.'s note/exam) does not indicate that the child has a communicable disease, the child may be returned to the classroom. If a child exhibits unusual behavior, loss of appetite, or complains of headache or stomachache, the staff will watch for other symptoms. The child may continue for the day unless they are unable to participate in the daily routine. The center reserves the right of exclusion when, in the opinion of the Director that child appears to be too ill. All parents are informed when a child in the Center is found to have a specific communicable disease by a notice describing the symptoms posted in the lobby by the check in computer. Likewise, parents are expected to inform the Center when their children contract a disease so that the other parents may be notified. The identity of the infected child will remain confidential. Certain diseases, however, must be reported to the health department. All parents are advised to make contingency plans for care of a sick child in advance of actual illness. The center requires the parent or legal guardian to supply the center with at least (2) back up child care numbers. If the circumstance arises that you are unable to pick up your child (ran) or be reached when your child (ran) are ill/ contagious, we will contact one of them. **Do not knowingly send your sick child to the Center.** Do not mask sicknesses by a fever reducer or other over-the-counter medication. All of these restrictions are Wisconsin State requirements and are in place to keep all children at the minimal risk of infection. Please keep in mind that the first year a child is enrolled in any Child Care Facility they are building immunities to common colds, etc. You can expect them to get sick on occasion - it is natural. We pride ourselves on the cleanliness of our Centers and do all we can to fight the germ battle on our end. You are also responsible; by making prior arrangements for your child should they become ill. Little Friends Learning Center cannot accommodate sick children, or provide sick child care. When signing your contract, you are stating that you will pick up your child when sick within the hour. Failure to do this could result in termination. All children are state required to go outside daily weather permitting, if you feel that your child is not well enough to go outside they shouldn't be at the center. If you tell us your child is too sick to go outside they are too sick to be attending. You may use sick vouchers for credit to your weekly tuition on these unexpected sick days see (vacation / absence vouchers). You will be asked to complete the NAC required documentation of illness if your child is being sent home.

Behavior / abuse and neglect/ drugs and alcohol policy: If the Director of the Center dictates that a child be dismissed, the Center reserves the right of dismissal. If the Center determines that it is unable to meet the needs of a specific child, parent, or teacher, they will be notified in writing/ conference/ or via phone as a last resort by the Director. This will be given to the parents/ teacher to withdraw/ terminate enrollment. (See Withdrawal policies.) The main purpose of the behavior policy is to encourage the individual child to grow and develop as a social being and to achieve a

secure environment in which the child and staff interact. The welfare and safety of all children at the Center is always an important consideration. Our teachers will use the following guidelines when administering any discipline. It is a goal of LFLC child care to assure the physical and emotional well-being of the children served in the program. We strive to minimize the occurrence of problematic behaviors by providing activities that are appropriate to the children's interests and developmental levels. In dealing with any behavior issues that arise, we adhere to the following policies: 1. Positive approaches to behavior management will be the strategies of first preference, including the use of positive suggestions, redirecting children to appropriate activities, and praise for appropriate behavior.

2. Children in our School Age Program will be given a Stop and Think Skip, it will be discussed with the child and the parents will have to sign and return the slip.

3. Time-out procedures may be used to manage problem behaviors if the approaches above are ineffective. This may involve sitting in a time-out place in the classroom or outside of the classroom. The time spent in time-out will be limited to no more than one minute for each year of the child's age not to exceed a 5-minute period. (Time outs cannot be given to children under age 3years) Any child put in time-out will be monitored while in time-out and will not be left alone.

4. No child will be subjected to verbally abusive or degrading comments from the program staff.

5. No physical discipline involving striking, slapping, hitting or biting a child will be used. A child may be briefly held by an adult if this is deemed necessary to control the child's behavior. A child may also be removed from the classroom and taken to another room if deemed necessary. In any such situation, the child will be under adult supervision at all times.

6. The behavior management policy of LFLC will be reviewed with the parents of each child in the program to assure their understanding and acceptance of the policy.

7. LFLC staff will discuss any problem behavior that requires a specific behavior management plan with the parents of the child involved to solicit their recommendations and agreement with the plan developed.

8. If the LFLC staff person determines they are unable to manage the behavior of a child and this behavior presents serious risk of injury to the child, other children enrolled in the program, and/or the staff, then the child may be discharged from the program. In such a case, the LFLC staff will work with the family and other service providers to locate appropriate intervention resources for the child.

We are a bully-free zone: LFLC is determined to provide a safe and fun environment for all children, free from bullying and other negative behaviors that disrupt a positive child care experience. In the event that a child exhibits any of the following negative behaviors, it may result in a behavior plan and/or dismissal from the program. This includes any verbal bullying including but not limited to: derogatory comments, calling another child bad names, or teasing. Physical bullying: such as hitting, kicking, shoving, and spitting. Children will not be allowed to damage another child's property or steal it. Any racial bullying will not be accepted. Some situations staff should be made aware of: (Any transition or change that is different from "normal"). For example: Changes in family situation (separation, new sibling, moving) or parent out of town, people visiting the child's home, child taking medication, family pressure such as loss of job, therapy starting or ending.

Divorce /custody adults and guardians: Has become a more common occurrence, Little Friends in no way will get involved in these matters unless legally required by a court order. Tuition needs to be paid in full and you are both responsible to re-contract if alternate billing arrangements are needed. We will not listen to complaints about the other parent it's inappropriate to discuss in front of any child. Our job is to care for the children enrolled here. If you need to set up a private time to discuss any matters relating to your child's needs during this time, please feel free to call the Center to discuss this with the Director. We will try to help in any way we can. Unacceptable Behavior such as swearing, screaming and yelling is not acceptable. If any parent behaves in this manner, they will be asked to withdraw from the Center we reserve the right to do this without a two-week notice. All problems can be solved in a rational manner.
